POST DOCTORAL POSITION

A post doctoral position is open at the Department of Biochemistry, University of Oulu, Finland, starting preferentially April 1st 2010 and ending December 2011. The project will focus on "Molecular interactions between Golgi glycosyltransferases" (P.I. Sakari Kellokumpu). The project is funded by the Academy of Finland.

Applicants, who have experience/expertise in the following methodologies are urged to apply: *molecular biological methods, cell culture techniques, fluorescence microscopy, molecular modeling and protein crystallization.*

The salary for the post will be based on the levels 5 - 6 of the demand level chart for university-level teaching and research staff of the salary system of Finnish universities. In addition, a salary component based on personal work performance will be paid. Interviews will be organized for 2 - 3 selected applicants.

Interested applicants should send 1) Curriculum Vitae, 2) list of publications, and 3) short description of applicant's previous and current interests/experience and the reason(s) for applying for the post.

The application documents should arrive before 3:00 p.m., February 26th, 2010 in the following address: *University of Oulu, Kirjaamo, PO Box 8000, FI-90014 - University of Oulu, FINLAND*. Please note that the application documents will not be returned.

More information on the post is available by email: sakari.kellokumpu-at-oulu.fi
